Who has never played being an actor or an actress? Theatre inside theatre is this story's main thread. Laura is a girl who is passionate about the world of theatre, and her enthusiasm will take us on a voyage to Pinocchio's best known adventures: Geppetto's decision to build a puppet, the Blue Godmother's arrival, the strange conversations with Cricket, the adventure in the puppet theatre at Stromboli, Fox and Cat's tricks, and the big whale ready to swallow everything at sea. All of it with a fantastic musical score, live vocals and fantastic choreographies.
Trencadís Produccions is a production company specialised in musical theatre for families. Its first production was the great musical *Aladdin*, in 2013. Since then, it has premiered five more shows, some of which won Musical Theatre awards and BroadwayWorld Spain awards.
