The story has all of the ingredients belonging to a period tale: envy, pride, passion...all of them facing the main character's innocent candor, who, helped by her Fairy Godmother, will manage to get out of oppression and see her dreams fulfilled.

With this version of Cinderella, Acuario Theater brings a story full of feeling to the stage: a reflection of the human heart in which goodness and happiness triumph and where you can enjoy musical numbers performed by the actors, imaginative scenery and multiple dramatic and technical resources.
