With Simon's Destiny, Pata Theater celebrates its tenth anniversary with the masterly direction of Julio Fraga.

Four comical cabaret characters narrate and sing live in this musical comedy about Simón, an everyday man, from an everyday city, who leads an everyday life. One day, he gets lost in the middle of the huge city and casually goes inside an Office of Lost Objects. Don Mariano, the man in charge of the shop, has to leave for an emergency and leaves him in charge. Simón accepts the task as something temporary and discovers a world full of sensations where the material and superficial outside things are revealed on another level.

A show that promotes essential values, like liberty, love, respect and truth.
