SHOW RECOMMENDED BY THE NETWORK OF PUBLICLY-OWNED THEATERS,
CIRCUITS, AUDITORIUMS AND FESTIVALS

An incredible journey to the faraway Kingdom of Perfection, where persons who are considered different or ugly are expelled from the country. Snow White is the only one capable of changing this situation by confronting the wicked queen. Can you come with us on this important mission?

A classic story that is reinvented, an amusing and original musical that turns the stories with which generation after generation has grown up upside down, encouraging inclusion and self-confidence.

Discover the story of *Snow White* we would have liked to hear when we were little. A fascinating adventure that breaks with stereotypes and lies that make us dream of perfect princesses, when what really makes us interesting for others are our imperfections and differences. [Candileja Producciones has more than fourteen years of experience creating stage projects that amuse and inspire children and adults alike. Their shows of family musical theatre shows are based on classical stories but tell new stories with current problems and values, such as recycling, inclusion and emotional education.](#)
