Theatre, dance, music: the three artistic disciplines are merged in a single show to make us reflect, imagine and play with used objects to create magical worlds full of life. An original staging to raise awareness of the importance of the environment, of taking care of the oceans and that a better world is possible with just one PLUFF.
Founded in 1998, JM Gestión Teatral, whose repertoire is mainly geared at children and families, is currently one of the most important theatre companies for children and families in the Valencian Community. It has participated in multiple events, including the inauguration of Terra Mítica, Isla Mágica and in festivals such as Herrera en Escena, Teatro Chico Gran Canarias, Malaga Theatre Festival, Theatre Exhibition of Alcoy, Rialles and the International Mime Exhibition of Sueca.
