Four years after their last record, Marlango is back on stage with *Technicolor*, its new, seventh studio album. A record which they say is “difficult to define” and which “brings together ten states of mind, ten ambiances that take listeners to an unreal universe. An album that is dense, with a very crude and present-day sound.” For Marlango, this is the album that best reflects its musical quest. Although it is inspired by past epochs, it has a contemporary component that leaves no room for melancholy.
