"This gala benefit concert is one of the first large scale initiatives organised by the #TodosConProteo citizen platform in support of the Malaga bookshop that caught fire on the 6th of May this year and that many of us consider to be one of the secular temples of our culture. Dozens of musicians, arts managers, professionals, creators and artists of Malaga have joined this initiative in a totally altruistic and selfless manner to offer what they have for the benefit of this cause. All the earnings from this concert will be for the bookshop.

The group in charge of the event's management, production, communications, creation, script and artistic direction comprises Héctor Márquez, Montse Ogalla, Alberto Jiménez, Berta González de Vega, Lorena Codes and CREMA Estudio. Together, fire and water transform and purify. That is why after lamenting this tragedy, we have decided to get to work to help Proteo flourish once again. This concert will be the soundtrack of a campaign of thousands of hugs, faces, images, donations and emotions to assist Proteo in resuming as soon as possible what it has been doing for more than 50 years: accompany, guide, stimulate and welcome us. Sometimes, a simple song suffices to make hope resurge: because we are #TodosConProteo [AllwithProteo], join us in this song." #TodosConProteo
