For this 10th anniversary Dry Martina will have special guests with whom to perform new pieces from her next record, in which she focuses on the more contemporary rhythms of her special mixture of jazz, swing, funk and R&R, in addition to other rhythms such as mambo, calypso and even melodious Italian songs of the 1960's. She will also go over the most emblematic songs of her two previous records, both of which won the MIM Award for Best Jazz and Contemporary Music Album (*Momento perfecto*, 2013 and *Ahora!*, 2016).
