TITIRITEROS DE BINÉFAR WON THE 2009 NATIONAL AWARD FOR CHILDHOOD AND YOUTH

We play with poems and songs of Federico García Lorca, León Felipe, Rafael Alberti, Nicolás Guillén, Gerardo Diego, Ramón Gómez de la Serna, Gloria Fuertes, Hermanos Rincón, María Elena Walsh and Vainica Doble.
Texts that might not seem appropriate for children but that contain elements that are very close to them.
Federico García Lorca told some children that were happily playing: "You are so chorepatelic!"
With more than thirty years of professional experience, Titiriteros de Binéfar works for all audiences; for children, as sensitive and intelligent persons, and for adults who still have room for tenderness and for the festive game of theatre.
