"El Rey y el Hada" [The King and the Fairy], "El duende Romeo" [Romeo the Elf] and
"El insecto Julieta" [Julieta the Insect] are the stories that will be presented at the
PETICUENTOS.

We will speak about the environment, recycling and of a special Shakespearian vision
of the world. Puppets, live music and songs bring entertainment loaded with love for
nature and above all, a great deal of humour.
