Dolores calls Salvador in the middle of the night and asks him to come to her house, because she has something very important to tell him. Salvador is reluctant to accept his mother's request, who will reveal a secret that immediately changes the direction of their lives; they cannot escape from their tragic, grotesque destiny. Was his father his real father? But what torments Salvador most is whether his mother will end up locked in a psychiatric ward or directly in prison.
Ira, a play in which suspense is dotted with a certain amount of black humour, is a reflection on human ambition and despair. A leap in the dark; a lost cause in which the main characters struggle to not completely lose control. A "tomorrow, and tomorrow, and tomorrow" as Macbeth would say.
