1.00 h (w/out intermission) Musical theatre. From 4 years

[www.acuarioteatro.com](http://www.acuarioteatro.com)

Our main characters try starting a train parked on a siding, using for that purpose their imagination and recycling everything they find.

They will convert the train in their home, in a circus ring, in a poetic dwelling in which suitcases have a great deal to say. The train is full of lovely recollections and fantastic stories. The train is life in motion.

An entertaining proposal about communication, recycling, adventure and friendship.
