PRIZE FOR BEST CHILDREN'S AND FAMILY SHOW AT THE 23RD THEATRE FAIR OF CASTILLE AND LEÓN (2020)

Many, many years ago
(exactly a lot)
in a remote region
there fell a huge snowfall.
And so far nothing happened,
The trouble starts now…
This is the beginning of a story we all know, but told from a very special, hilarious and different vision. With the command that comes from years of experience in the world of object theatre and the same excellent showmanship as usual, La Chana will impress us once again.
Since 1987, the company from Salamanca La Chana Teatro has been travelling through a good part of the world with its peculiar narrative concept, its singular stories which masterfully bring together objects, words, space, performance and the essential ingredient of humour.
